INTIMIDATOR™ SCAN LED 300

Key Features

- Bright and compact LED scanner with tons of features to enhance any show
- 7 gobos plus 8 separate, saturated colors allow extra flexibility and effects
- Built-in movement macros and move-in-black features minimize programming time
- Motorized focus allows the gobos to be crisp when projected at almost any distance
- Crisp, 3-sided prism duplicates the beam for great effects and to cover a larger area
- Individual reset of pan/tilt, color and gobo allows the show to continue no matter what happens
- High-frequency LED dimming allows for flicker-free video operation
- Power link up to 4 units to save time running cables and extension cords
- Awesome sound-activated programs dance to the beat of the music
- Easy-access to built-in automated programs generate a synchronized show in master/slave mode
